

G·Spot

Description

The G-Spot is a multi-environmental, maintenance-free RGB LED moving head with IP65-rating and a bright color output. It is capable of an even field beam projection with sharp imaging and no color aberrations. The integrated dehumidifier of the G-Spot ensures perfect inner cleanness of the luminaire and no accumulation of dust or externally induced impact on internal optics, gobos or the light source unit. Due to the revolutionary product features, the G-Spot won the prestigious top industry PLASA Award for Innovation, 2013.
