Knowled
Take You Further

At Godox, we have always been dedicated to providing a comprehensive range of lighting solutions for filmmakers and content creators. KNOWLED series, in particular, stands as a testament to our commitment to elevating the standards of professional production.

In the dynamic world of film and television production, lighting plays a pivotal role in shaping narratives, evoking emotions, and capturing moments in their full splendor. With KNOWLED cinematic lighting ecosystem, we empower filmmakers with the tools they need to bring their creative visions to life.

MS SERIES

Compact Design	Versatile Power Supply	Godox Optical Ecosystem	CRMX Control	Godox Magnetic Mount

MS60R/Bi

- All-new Godox magnetic mount
- Lightweight Body (311g)
- High-saturation & Full color
- Multiple Modes: CCT, HSI, RGBW, X-Y, FX
- CCT range from 1800K to 10000K(MS60R)
- 60W Power Supply
- Paired with the SZL2 zoom lens, compatible with S60Bi optical accessories
- Seamless Integration with Godox Optical Ecosystem
- Removable fast-charging battery and GaN power adapter
- Power Options: AC,DC 48V, USB-C ,NPF battery, V-mount batteries
- Powered via E27 socket, seamlessly blending into scenes as downlights, spotlights, or stage lights
- DMX512 Control/LumenRadio CRMX/Ethernet/Bluetooth app Control

S60/S60Bi

- Beam angle from 6 to 55 degrees, light where you want
- Variable Color Temperature
- CRI≥96, TLCI≥97
- Lighting FX
- Silent mode
- Controls: Godox Light app, remoter, and DMX

Simulating natural backgrounds

Adding atmosphere for scene

Product shooting

Projection attachment: project a highly focused and controlled beam of light.This attachment is what enables you to get the utmost out of creativity of Focusing light series for it is specially designed for fitting a vast range of light shaping accessories.

SA-P Projection Attachment (included a SA-01 85mm Lens)

SA-01 85mm Lens

SA-02 60mm Wide-angle Lens

SA-03 150mm Telephoto Lens

SA-01 85mm Lens

SA-P Projection (included a SA-01)

S60/S60Bi

Light Head	×1	Wrench	×1
Controller Box	×1	Connect Cable	×1
SA-08 Barndoor Set	×1	Power Cable	×1

Abundant Accessories

SA-08 Barndoor Set

Barndoor set: to precisely control the light beam as required. There are small clips on the plate for clipping diffusion fabric or gels on.

SA-30/SA-20 Softbox

Offers soft and even light effects.

SA-05 Scrim set

To reduce the light intensity and control the light graduation.

SA-07 Scrim set

To reduce the light intensity and control the light graduation.

• 1300W in a compact 2×1 panel—unmatched punch in this form factor
• Full-color control
• Wide native beam angle of 50°~55° for large-area coverage
• IP65-rated for all-weather reliability
• High color accuracy: CRI 96+, TLCI 98+
• 1,800K–10,000K CCT range with G/M adjustment
• Flicker-free at high frame rates
• Built-in CRMX, DMX, Bluetooth and on-board control
• Compatible with a full range of accessories
• Quick-fit design for faster mounting and setup
• Custom dual/triple brackets for multi-light rigs
• Integrated PSU for cleaner setups and easier rigging

Connector Cable DT-C1

AIR TUBE LIGHT
SPECS

Model	AT200Bi
Power Supply	100V-240V~50/60Hz 2.1A
Max. Power	≈210W
CCT	2700-8500K
Brightness Range	0%-100%
Dimming Curves	linear, s-curve, exponential, logarithmic
FX Modes	11
CRI	Average≥96
TLCI	Average≥96
Waterproof Grade of Light Body	IP65
Controlling Methods	DMX 512 Control (support RDM protocol), 2.4GHz Wireless Control, Bluetooth APP Control
Bluetooth Controlling Distance	Max. 30m
2.4G Remote Control Distance	Max. 60m
Type-A USB Port	Firmware Upgrade/5V═1A Power Supply
Dimension	Light Body: 280mm*267mm*1226mm/11"*11"*48" (With air bag and in the inflated state, does not include the connection cable.)
	Controller: 124mm*132mm*270mm
Netweight≈	Light Body: 2.15kg (Including airbag)/Controller: 2.8kg

| 180° Light Emission | 200W Output | Multiple Controls | 2700K~8500K | Detachable Design |

AT200Bi

- CCT: 2700K-8500K
- LED mat with an inflatable softbox for soft, even lighting
- Handheld, suspended, or stand-mounted options
- Modular design for easy maintenance
- Multiple control options including DMX512, app control, and wireless remote
- Controls: DMX, App control, and wireless remote
- Maximum power of 210W
- High CRI and TLCI ratings above 96
- IP65 weather-resistant light body
- Sweeping 180° generous beam spread
- AC power and V-mount battery support
- Foldable, lightweight design
- 11 built-in FX lighting effects

C5R

- Lightweight and portable
- CCT: 2500-8500K
- RGBWW capable
- CRI≥96, TLCI≥97
- Two independent dials for easy adjustment
- Magnetic back for easy attachment
- 39 FX effects for creative lighting
- Built-in 3000mAh lithium battery for 2-hours runtime at full output
- Wireless/Type-C charging
- Controls: Godox Light App, on-board
- Includes a collapsible diffuser
- Available in an 8-light charging kit

C7R/C10R

- Constant power design ensures stable lighting
- CCT: 2000-10000K
- Magenta-green adjustment.
- RGBWW capable
- Built-in battery for C7R
- CRI≥96, TLCI≥97
- Quick reset of bluetooth connection via on-board buttons
- Precise control via Godox Light App
- Power supply: AC/DC
- Available in E26 and E27 base options for versatile compatibility
- C7R available in an 8-light charging kit

Applications   Comprehensive
Accessories

LiteFlow 7/15/25/50/100

- Exceptional reflectance with a mere 3% power loss
- A variety of diffused lighting effects: D1/D2/D3/D4
- Five size options: 7×7/15×15/25×25/50×50/100×100 cm
- Sleek rail structure with a guide slot design, ensuring seamless installation
- Leveraging the square inverse law to extend the light path
- Effortless adjustments for convenient control
- Directly utilizing natural sunlight to balance lighting contrast, even without artificial sources
- Redirecting a single light source multiple times, reducing the need for additional fixtures and light- shaping tools
- Mimicking natural light decay, guaranteeing even lighting across the illuminated area
- Varying sizes grant you precise control over the illuminated area
- Coming with a comprehensive range of accessories

CONTROL SYSTEM

KNOWLED APP

- **Professional Lighting Control App:** Transform your tablet into a powerful DMX lighting console.
- **Universal Compatibility:** Manage lights of any brand with a universal DMX protocol.
- **Practical Lighting Layout Interface:** Seamlessly sync your on-set lights with a virtual grid for exact control.
- **Stability Across Connections:** Reliable wireless and wired connection options for uninterrupted control.
- **Customize Your Library:** Create a local DMX light fixture library tailored to your needs.
- **Intuitive and Clean Interface:** Navigate and control with ease, streamlining your lighting setup process.
- **Fader Mode:** Simulate a physical console's familiar experience with virtual sliders.
- **Control at Your Fingertips:** Make changes to lighting parameters through a graphic interface.
- **Lightweight Mobility:** Control all your lighting from your Android tablet or iPad – no heavy hardware needed.
- **Connectivity Your Way:** Choose between Bluetooth-CRMX and Ethernet Art-Net for versatile setup options.

Godox KNOWLED APP

[iPad] [Android]

Stable connection with lights of any brand
Position fixtures on the grid to match the setup

Wireless Connection – Bluetooth to CRMX

Wired Connection – Ethernet Art-Net

SF6090/SF4560 Kit

- Two versions to meet various size needs.
- Easy to store and transport with the carry case.
- Compact and foldable, making setup and usage easy.
- The black nets and one-stop silk can be used to adjust the contrast.
- The black solid fabric can be used to block unwanted illumination or create shadows.
- The two-stop silk can be used to diffuse and soften the light.
- The dots and fingers in black net and solid fabrics allow for shaping light on smaller objects or areas. Ideal for tabletop shooting or situations where larger fabrics are inconvenient.
- The open-edge design provides a softer cut of light and prevents hard transitions due to the edge.
- By finely adjusting the angle of the screen in front of the light, it allows for very changeable light and dark contrast, creating the desired transition.
QR-P70/P90/P120

- Reflective silver interior to render a punchy high contrast
- Removable inner and front fabric diffusers
- Impressive quick release system for rapid setup and breakdown
- Reliable light quality and various creative expressions
- Bowens mount strobes and continuous light compatible
